

CMRC scientific seminar
Fat tissue and Adipokines
Thursday, February 23rd, 2006
Auditorium 1, August Krogh Institute

Programme:

- 14:00-14:05 **Welcome and introduction**
Thorkil Ploug, CMRC, Department of Medical Physiology, The Panum Institute.
- 14:05-14:50 **Body weight regulation: impact of exercise and adipokines**
Philip Just Larsen, Rheoscience, Rødovre.
- 14:50-15:20 **Adipokines: Effect of fitness, obesity and insulin resistance**
Christian Fischer, CMRC, Department of Infectious Diseases 7641, Rigshospitalet.
- 15:20-15:35 Coffee break
- 15:35-16:20 **Endocrine function of the adipose tissue. Significance of non-adipose cells.**
Jens M. Bruun, Department of Medicine C, Århus Amtssygehus.
- 16:20-16:35 **A proteomic approach to identify new adipokines**
Nils Halberg, CMRC, Department of Medical Physiology, The Panum Institute.
